

Agricultural Quarantine Announcement
Note To Ship Master

(This message is to be announced prior to passengers disembarking anywhere in Fiji)

THE FOLLOWING IS AN IMPORTANT MESSAGE FROM THE REPUBLIC OF FIJI, BIOSECURITY AUTHORITY of FIJI

Fiji is known for its clean, green image and reliance on agriculture, forestry and horticultural sectors. Foreign pests and diseases pose a huge danger to Fiji Islands flora & fauna and Fiji is proud to be free from most of these pests and diseases.

Biosecurity Authority of Fiji would like to keep it that way so you can visit and enjoy our beautiful islands and shores.

It is therefore important that all passengers and crew to know that it is strictly prohibited to take ashore any food, fruit, meat, flowers, cut or packed lunches, plants and animal products from the ship.

Severe penalties exist for breach of the Fiji's Biosecurity laws.

Thank you and enjoy your visit.

(Biosecurity Authority of Fiji)
