SECTION A

COMPANY BACKGROUND

The Biosecurity Authority of Fiji (“BAF”) was established under the Biosecurity Act 2008. It is designated a Public Enterprise as per the Public Enterprise Act 2019.

BAF’s mandated responsibilities as per the Biosecurity Act 2008 are:

1. to protect the Fiji Islands against the entry of regulated pests and diseases affecting animals, plants, human beings and the environment;
2. to carry out surveillance and monitoring of pests and diseases in the Fiji Islands and assess the status of regulated pests and diseases;
3. to prevent the establishment and spread of regulated pests and diseases and the release of organisms that might adversely affect animals, plants, human beings and the environment in the Fiji Islands;
4. to eradicate, contain or control the movement of regulated pests and diseases that are already present in the Fiji Islands;
5. to prevent the introduction and spread of regulated pests and diseases not already present in the Fiji Islands;
6. to facilitate the safe importation of animals and plants and their products, and related equipment and technology;
7. to facilitate the export of animals and plants and their products in accordance with the biosecurity requirements of the receiving countries;
8. to facilitate international cooperation to prevent the spread of pests and diseases affecting plants, animals, human beings and the environment.

The Biosecurity Act 2008 is the primary legislation that provides for the regulation and control of the movement of animal and plants into, out of and within Fiji and for the facilitation of Trade.
